5. IMPORTANT SERVICE TERMS

The original production v1.0 Terms & Conditions are NOT reproduced here. Before customer use, carry forward the exact approved v1.0 legal text, verify any 90-day limited warranty terms, and obtain appropriate local review of parts-deposit, cancellation and refund language. A prepayment receipt is not a final invoice. Repair requires separate authorization beyond diagnostic agreement.

Service case may include multiple visits. Ordered parts, supplier backorders, customer deposits, refunds and visit-specific diagnostics are retained in HADS and referenced by case ID.

Customer-facing tax must reflect actual registration and applicable rules. Do not charge HST automatically based on this draft.
